

**Koy and Reny Chhim**

*Serving the people of Cambodia*

We would like to update you about what is happening over here in Cambodia with our new planted Cambodian Care Ministry.

We've firmly been called by God to start Cambodian Care Ministry and planting churches wherever we're having our schools operating. Cambodian Care has been growing remarkably over a short period of time just in for 3 months in this end of 2014, that one church was

planted with average of 80 people attended. Many miracles are happening.

Recently, we're having our 5<sup>th</sup> Sunday Church Service with 200 children and parents are coming to our LIGHT OF CHRIST FELLOWSHIP. Out of an anointing message, 100 children and parents are accepting Christ as their Lord over their lives. This doesn't end yet, we are having our discipleship training every Saturday to keep their faith grows and reaching their

potential where God wants them to be. 30 young people are signed up for this training already.

We just want to let you know that we're walking by faith to serve the Lord at Cambodian Care Ministry. We don't have any salary or any support from elsewhere, except our two friends in Australia. We prayed and decided to live as a local Cambodian missionary to Cambodian Care Ministry.

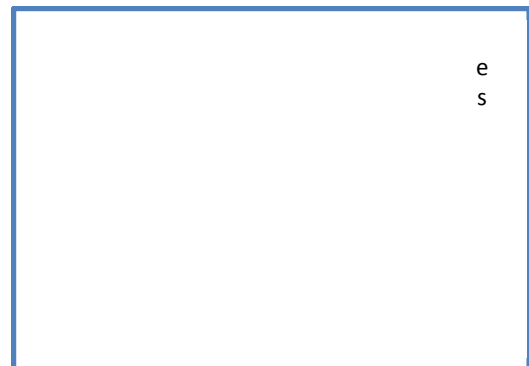

You can assist us to meet the needs of our family at this time of the year by giving a Tax Deductible gift to our ministry partners who are based in Canberra, Australia and USA.

Here we would like you to pray for us:

1. We are needing of 1500USD each month for our family of five children to live on so that we can live to serve the people through Cambodian Care Ministry
2. We are needing of a new pickup truck which it cost of 36500USD
