

Reaching One Child at a time by the Love of God

## Tuol Pong Ror Slum School

Volume 1, Issue 1

October 2014

**Block number #1**

This is Tuol Pong Ror village is strongly considered as one of the slums in Phnom Penh. It is 45 minutes driving from Phnom Penh city to this place. It consists of 200 families who have been settling for several years. Most of adults having jobs with garment factory. 80% of children population who are living in that slum are not attending government school. It takes about 50 minutes riding a bicycle from that slum to the government

school. Cambodian Care has decided to come in to this slum village. There are two blocks. One block has 4 little homes together, and second block has 3 little homes together. We will start dismantle block number #1, and putting up a simple building school. Block number #2, we will finish with this half-way finished building, so that it also becomes school. We're starting dismantling block number#1 on October 11th.

**Block number #2**

## Train Track School

There are 500 families who have been settling alongside the train track area. The vast majority of those children are not attending Government school. According to our Community Education School team's registration worksheet has shown that 60% of those children who are living alongside the train track area have never been to school.

Cambodian Care has seen such a great need of quality education for those children who are struggling with. There are too many reasons that come behind it. We're in still process of running legal papers to use those trains.

## Child Support Program

In many different areas that Cambodian Care is active in, we are thrilled incorporate the child support program. This project will reach the truest educational needs of the poorest children. Currently, in these communities there is an absence of education altogether.

It is our hope to explore every avenue to reach children that the need our help the most. With that hope we will empower them to get the best education. This project will be the pathway these children need for them to thrive in their communities.

The vision for the Child Support Program is to see 500 children from these communities excel in their schooling. As we operate throughout Cambodia, we know that we will see children expand their knowledge in the best way possible.

We're currently having 5 children who are on a long term sponsorship program to reach their grade 12.

## Here are various ways you can help us

- *Leasing one year contract 1170USD for First school*
- *Sponsor a child 25USD a month to get quality education*
- *Sponsor a teacher 170USD a month to deliver quality education service*
- *3 motorcycles to be used for these two schools 2250USD*
- *Buy 50 kg of rice for 30USD for nutrition program to support those children in our schools*
- *1 new pickup truck 25,000USD for Cambodian Care*
- *Adopt one of our school projects or other projects*
- *Used laptops could also be donated to our schools.*
- *Local and international volunteers also can sign up with help our schools.*
- *Bring short term medical team*
- *Bring short term building project team*
- *Buy us chairs, tables, books, pens, pencils or other related to schooling*
- *Finance us to setup library for schools*
- *Help promote what we are doing to your friends, churches, and other groups.*
