

March 7, 2016

Dear Friends of Cambodian Care,

We trust that you are very well in this season of life of this time of the year 2016!

We would like to share with you all of our quick update of what has been actively happening within the ministry of Cambodian Care and bringing this ministry powerfully to change every life of an underprivileged child.

Over the last 1 year and 3 months, Cambodian Care has been actively serving and giving basic formal national khmer curriculum for 427 students within our three schools from grade 1 to grade 5. Many families have been touched and impacted by these schools.

Since we have been growing remarkably, we are also facing challenges in term of spaces for classrooms at two of our schools in Phnom Penh (Train Track Station and Tuolpongrror Village). We've been mobilizing our students in prayer for a miracle of provision of purchasing 10000sq meters which we can build long term and quality school to reach to more than 2000 students from grade 1 up to grade 12 (high school) and on to the university just within this one school alone! We DO need a piece of land for long term investment and sustainability of the programs!

With God's intervention and your investment, our 3 schools have currently been well up and running! This following year September 2016, one of our schools in Tuolpongrror village is starting to take fee 1US\$ a month from each student as of part to be contributed into our running cost for each year.

We would like to sincerely ask you to continue praying, collaborating and supporting us and our team to achieve and accomplish!

**Our vision is to plant and open 200 licensed schools in the poorest areas of Cambodia**

Again, thank you SO much for your friendship, partnership and stewardship of God's resources over the ministry of Cambodian Care!

May God abundantly bless you, your family and ministry!

Sincerely,

Koy and Reny

Director of Cambodian Care
